WHAT TO WEAR

General Tips on Styling

One of the most important decisions to make when planning your session is your clothing! The only “rule” I have is to choose outfits that reflect your personality and make you FEEL amazing. Don’t wear anything uncomfortable, even if it “works”, because you’ll be thinking of nothing but how uncomfortable you are.

Trendy clothing goes out of fashion. Keep “trendy” under control and pick some pieces that are timeless. Favorites are jeans, khaki colored pants, white, black or neutral colored shirts, lace, sundresses, hats and bare feet. Avoid busy prints, graphics & logos, checkered patterns and geometric designs as they don’t photograph well. Spice up your session with some visual interest. Stand out with your favorite headband, belt, scarf or piece of jewelry. Hats and headbands are perfect for kiddos too.

Clients are encouraged to include their own props: a musical instrument, sports equipment, a book and reading glasses or a family pet. Maybe try to incorporate your families’ favorite hobby or location. Here are a couple of general tips to help you plan your outfits:

START WITH MOM

It’s way easier to visualize the whole puzzle once you know what one piece looks like! Try starting with mom, since women’s clothing tends to have more colors and prints.

COMPLEMENT, DON’T MATCH

The day of all white shirts and khaki pants are gone! We want colors that generally complement each other: so for instance, soft colors (light blue, gray, blush) or warm colors (brown, orange, burgundy). If you want colorful images, then you should choose a more vivid color scheme for your outfits!

STICK TO ONE OUTFIT

Don’t make things more complicated than they need to be! All you need for an awesome family session is one outfit for everyone. Changing outfits will take time away from your shoot and can put your kids in a grumpy mood.

CONSIDER YOUR HOME DECOR

If you’re planning to hang your images in your living room that’s decorated in all white, you probably don’t want your clothing to be dark. If you’re hanging them in a colorful dining area, then wear vivid outfits.

PLAN FOR THE WEATHER

Nothing is worse than being uncomfortable in the perfect outfit. If you’re planning an outdoor session in November, think about coats, gloves, scarves, and hats. In the summer, dress in layers that you can easily take off if you get too hot.

DON’T FORGET SHOES

These are often the forgotten last element, but they can really make or break your outfits! If you can’t find shoes you love, consider going barefoot (just bring walking shoes to get from point A to point B). Steer away from athletic shoes and bright white sneakers.

TRY ON YOUR CLOTHES WELL IN ADVANCE

Check your outfits from all possible angles in the mirror, not just the one you like best. Try sitting, squatting, leaning forward, etc. The kids’ clothes should work well in motion so that we can play during your session (think flying, tickling, and hanging upside down).

LET THE KIDS HAVE INPUT

If your daughter hates wearing dresses, don’t force her to wear one for picture day. If your son thinks that bow tie is uncomfortable, ditch it. Happy kids make for happy photos!

COMFORT

Above all, if you feel good, you will look good! Choose clothing that gives you the freedom of movement, keeps you warm/cool, and won’t require a lot of maintenance throughout your session.

FREQUENTLY ASKED QUESTIONS

DO YOU HAVE A STUDIO?

No, I am primarily an outdoor photographer using only natural light. The only occasion I shoot indoors is when hired to do a lifestyle newborn session. For outdoor sessions, I'm happy to provide location suggestions within South Jersey. Travel is included for locations within 15 miles of 08086. Locations further than 15 miles will be subject to a travel fee of \$50 or higher, depending on the session location.

DO YOU DELIVER EVERY IMAGE YOU SHOOT?

I generally shoot at least 5 times the amount of photos guaranteed for your session in order to make sure that we end up with great photos! For your final gallery of between 15-30 images (depending on your session time), I'll shoot at least 500 frames and then narrow them down later. This way, you can be sure you don't end up with blurry shots, or photos in which everyone's eyes are closed!

HOW LONG WILL IT TAKE TO RECEIVE MY IMAGES?

Your final gallery is posted 2-3 weeks after your session. You will then have 2 weeks to place your order.

WHAT HAPPENS IF WE GET RAINED OUT?

I keep a number of backup dates open each month in case of bad weather and there is no fee to reschedule to a new date if it's raining or overcast. NJ weather is unpredictable and changes very quickly, so I typically wait to call off a session until that morning. Sunshine is a huge component in my photography and it's definitely worth waiting for a beautiful day!

WHAT IF MY KIDS DON'T COOPERATE?

I love getting to know my clients' kids, even the ones who are shy/stubborn/you name it! I always approach the session as a new friend who's just there to play and have a good time. That being said, not every moment of the session is perfect, and that's totally OK — in fact, it's encouraged! My goal is to capture the personalities of the kids in front of my lens, including all of the beautiful quirks, details, and small moments that make up childhood.

WHAT CAN I DO TO HELP THE SESSION GO SMOOTHLY?

The BEST thing you can do is to let go and enjoy! I know it's hard not to be stressed before your session, but babies and kids pick up on anxiety really easily. We'll have the best chance at getting gorgeous images if we let them happen naturally (with a little guidance from me, of course!) I want your pictures to be amazing and will do all the hard work for you! Your only job is to relax and have fun.

CAN I KEEP THE IMAGES FROM MY SESSION PRIVATE?

All clients sign an optional model release before the session. If you would prefer to keep your images private, you may indicate that request at that time.

DO YOU INCLUDE THE DIGITAL FILES?

No. Your session fee covers your session and my editing time. You may spend your \$200 minimum purchase requirement on any combo of prints, digital files or other products. With any purchase of the digital file collections, you will receive a print release which allows you to reproduce images for personal use as many times as needed, however, you may not sell your images for profit or publish your images without the written consent of Kim Dunda Photography. Additional, single digital files may be purchased through your gallery for \$50 a piece.

WHERE SHOULD I PRINT MY IMAGES?

I recommend an excellent online-based consumer lab that offers professional-quality prints. After you upload your digital files, they mail the prints straight to your home. **I DO NOT guarantee any prints that aren't printed through Kim Dunda Photography.** For instance, if you print your images through Snapfish and you hate the color, I will be unable to refund you or fix the issue. I do not recommend printing your images at Shutterfly, Target, Walmart, CVS, or Costco. These labs are not designed to handle printing professional photography.

IF I CANCEL MY SESSION, WILL I RECEIVE MY RETAINER FEE BACK?

Unfortunately no. Retainer fees are used to reserve your date and are non-refundable.
