WHAT TO WEAR

General Tips on Styling

One of the most important decisions when planning your session is what to wear! The only “rule” I have is to choose outfits that reflect your personality and make you feel amazing.

Avoid anything uncomfortable—even if it technically “works”—because if you’re uncomfortable, it’s all you’ll be thinking about, and it will show in your photos. Trendy clothing comes and goes, so keep trends under control and opt for timeless pieces instead. Some favorites include jeans, khaki-colored pants, white, black, or neutral tops, lace, sundresses, hats, and even bare feet. Avoid busy prints, large graphics or logos, checkered patterns, and geometric designs, as these don’t photograph well.

Add visual interest by incorporating simple accessories. A favorite headband, belt, scarf, or piece of jewelry can help you stand out without being distracting. Hats and headbands are perfect for kiddos, too.

Clients are encouraged to bring meaningful props such as a musical instrument, sports equipment, a favorite book with reading glasses, or even a family pet. You might also consider incorporating your family’s favorite hobby or location into your session.

Here are a few general tips to help you plan your outfits:

START WITH MOM

It’s much easier to visualize the entire look once you’ve chosen one key piece. Starting with mom is often helpful since women’s clothing typically offers more variety in colors and patterns.

COMPLEMENT, DON’T MATCH

The days of all-white shirts and khaki pants are gone! Instead, choose colors that complement each other. Soft tones (like light blue, gray, or blush) or warm hues (such as brown, rust, or burgundy) work beautifully together. If you love bold, colorful images, opt for a more vibrant color palette.

STICK TO ONE OUTFIT

Keep things simple! One outfit per person is all you need for a great family session. Outfit changes take time and can lead to tired or grumpy kids.

CONSIDER YOUR HOME DECOR

Think about where you plan to display your photos. If your living room is light and neutral, lighter clothing may work best. If your space is colorful, bolder outfits can be a great choice.

PLAN FOR THE WEATHER

Nothing ruins a session faster than being uncomfortable. For cooler months, plan for layers like coats, scarves, hats, and gloves. In warmer weather, wear breathable fabrics and layers that can easily be removed.

DON’T FORGET SHOES

Shoes are often overlooked, but they can make or break an outfit. If you can’t find shoes you love, consider going barefoot (just bring comfortable walking shoes to get to and from the location). Avoid athletic shoes and bright white sneakers.

TRY ON YOUR CLOTHES WELL IN ADVANCE

Try on outfits well in advance and check them from all angles—not just your favorite mirror pose. Sit, squat, lean, and move around. Kids’ outfits should allow for plenty of movement so we can play, tickle, and have fun during the session.

LET THE KIDS HAVE INPUT

If your daughter hates dresses, don’t force one. If your son finds a bow tie uncomfortable, skip it. Happy kids make for happy photos!

COMFORT

Above all, if you feel good, you’ll look good. Choose clothing that allows freedom of movement, keeps you comfortable, and doesn’t require constant adjusting during your session.

F R E Q U E N T L Y A S K E D Q U E S T I O N S

DO YOU HAVE A STUDIO?

No, I'm primarily an outdoor photographer and use only natural light. The only time I shoot indoors is for lifestyle newborn sessions and sports. For outdoor sessions, I'm happy to suggest locations throughout South Jersey.

Travel is included for locations within 15 miles of 08086. Locations beyond 15 miles are subject to a travel fee of \$50 or more, depending on the distance.

DO YOU DELIVER EVERY IMAGE YOU SHOOT?

I typically shoot at least five times the number of images guaranteed for your session to ensure you receive the best possible photos. For a final gallery of 15–30 images (depending on session length), I may capture 500 or more frames and carefully narrow them down. This process ensures your gallery includes only sharp, flattering images—no blinks, no blur, just the best moments.

HOW LONG WILL IT TAKE TO RECEIVE MY IMAGES?

Your final gallery will be delivered within 2–3 weeks of your session. Once your gallery is posted, you'll have two weeks to review your images and place your order.

WHAT HAPPENS IF WE GET RAINED OUT?

I keep multiple backup dates available each month in case of bad weather. There's no fee to reschedule if it's raining or overcast. New Jersey weather can change quickly, so I typically wait until the morning of your session to make the final call. Sunshine is a big part of my photography, and it's always worth waiting for a beautiful day!

WHAT IF MY KIDS DON'T COOPERATE?

I love getting to know all my clients' kids, even the shy, stubborn, or energetic ones! I approach every session as a new friend who's there to play and have fun. Not every moment will be perfect—and that's completely okay! My goal is to capture your kids' personalities, including all the little quirks and moments that make childhood so special.

WHAT CAN I DO TO HELP THE SESSION GO SMOOTHLY?

The best thing you can do is relax and enjoy the session! Kids pick up on stress very easily, so staying calm helps them feel at ease. I guide the session and handle all the tricky parts—you just need to have fun and let the moments happen naturally.

CAN I KEEP THE IMAGES FROM MY SESSION PRIVATE?

Yes! All clients sign an optional model release before the session. If you'd like to keep your images private, simply indicate that preference at that time.

DO YOU INCLUDE THE DIGITAL FILES?

A Signature Session fee covers the photography session and my editing time. You may spend your \$300 minimum purchase requirement on any combination of prints, digital files, or other products. A Petite Session includes three digital downloads.

If you purchase a digital file collection, you'll receive a print release that allows you to reproduce your images for personal use as many times as you like. Images may not be sold for profit or published without written consent from Kim Dunda Design & Photography. Individual digital files may also be purchased through your gallery for \$60 each.

WHERE SHOULD I PRINT MY IMAGES?

I recommend using a high-quality online professional lab that delivers prints directly to your home. I cannot guarantee the quality of prints made outside of Kim Dunda Design & Photography. For example, if you print through Snapfish and the colors aren't accurate, I'm unable to fix or refund for the prints.

I do not recommend printing at Shutterfly, Target, Walmart, CVS, or Costco, as these labs aren't designed for professional photography quality.

IF I CANCEL MY SESSION, WILL I RECEIVE MY RETAINER FEE BACK?

Unfortunately, no. Retainer fees are used to reserve your date and are non-refundable.
